Nancy-

We had some very productive meetings today 1) call with Peter G to plan his visit to the Region, 2) mtg with WB and DOGGR re UIC deliverable, 3) fed partners on drought response for tribes. The final meeting ended late and I stayed in sacto, took my niece and nephew out for dinner and stayed over (on my dime). I will be doing more email early and driving back mid morning so as to avoid the bay area rush hour. Working from home. Happy to catch up if you have the time at any point.

m

Michael Montgomery
